

COVID Weekly

Goal: To prevent an outbreak of the virus at Saint John's while continuing to support resident and staff wellbeing.

PROCEED WITH CAUTION

SAINT JOHN'S
ON THE LAKE

March 24, 2021 - Issue #19

**Renée Anderson,
President & CEO**

On Friday, March 26th, Saint John's Tower residents will welcome guests into their homes for the first time in 376 long, dark days. Throughout this time, we have remained, relatively speaking, safe here in our little bubble. There is comfort knowing our practices have been successful, and some amount of trepidation as we move toward a new chapter. We understand emotions range from elation to fear, and thus we will move slowly so the impact of our decisions can be fully incorporated into future plans. COVID-19 is not gone; we must continue to exercise appropriate safeguards, particularly when exposed to unvaccinated persons, however those of us who are fully vaccinated are now able to avail ourselves to opportunities for social interaction again, albeit cautiously.

By the Numbers:

14-Day Average
Positivity Rates for
Milwaukee County
3.2% up from 2.9%
New cases March 18-24
Residents: 0, Staff: 0

What Our Experts Say

	Individuals	2nd dose rec'd	1st dose only	Declined	% fully vaccinated	% partially vaccinated	% vaccinated at some level
Windsor	16	13	3	0	81%	19%	100%
Stratford	13	12	1	0	92%	8%	100%
Canterbury	15	14	0	1	93%	0	93%
NT	122	118	4	1*	97%	3%	100%
CT	117	109	7	1 + 1*	93%	6%	99%
ST	117	116	1	0	99%	1%	100%
Total Residents	400	382	16	2	95.5%	4%	99.5%
Total Staff	231	146	12	73	63%	5%	68%

* = declined 2nd dose
